With over 2 years of experience as a front-end developer, I specialize in crafting responsive and dynamic web applications using HTML, CSS, and JavaScript. Proficient in modern frameworks like Vue2 and Vue 3 with Pinia, I excel in building intuitive user interfaces while leveraging my expertise in SQL and version control systems like Git for seamless collaboration and efficient project management.

WORK EXPERIENCE

Product Engineer
Vxceed Software Solutions

01/2023 - Present   *Bangalore*

Vxceed's (Product Based Company) B2B app optimizes manufacturers' demand chains with HTML, CSS, JavaScript, Bootstrap, Vue.js, MySQL. It centralizes forecasting, delivery, and sales management for real-time analysis, stock minimization, ROI enhancement, and informed decision-making.
